Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Friday 18 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry sometimes bright. Cloud increasing later. Rain overnight.

Today:
Rather cool at first. Dry for much of the day with bright spells during the morning. Cloud will increase later with rain arriving in the evening. Light winds inland, breezy on coasts. Maximum temperature 16 deg C (61 deg F).

Tonight:
Intermittent rain will spread northwards, becoming heavy in a few places at times. Continuing breezy along coasts, with lighter winds inland. Minimum temperature 8 deg C (46 deg F).

Saturday:
Any early rain will clear, then mainly dry through the day. Variable cloud cover will allow sunny intervals to develop and a few showers. Brisk winds on coasts, becoming light. Maximum temperature 18 deg C (64 deg F).

Outlook for Sunday to Tuesday:
Cloudy with occasionally heavy rain on Sunday, feeling rather cool. Monday and Tuesday will have more variable cloud, perhaps a few showers with some pleasant sunny spells.
